[Advice on Commercial Cleaning & Janitorial Services](#)

Written By: Anthony Pasquale
Operations Manager
Boston Cleaning Company, Inc.

I would like to introduce Boston Cleaning Company, Inc., myself and our operations managers to facility managers that need information in the commercial, industrial, and retail sectors of the cleaning industry.

I am the co-founder and President of Operations for the Boston Cleaning Co., Inc.
We have been serving Boston, Greater Boston and now most of New England since 1975.

I have been involved in all types of building services from the smallest offices to some of the largest buildings in the area. We currently service over 350 clients with around 300 employees and I would like to share some of our experiences with you.

From clean rooms to large warehouse operations or large and small office space, we can handle your concerns.

Our goal for every facility is to give the best possible service for the best possible price and to create a long term business relationship based on those two principles.

Check out our services section on our website at www.bostoncleaningcompanyinc.com for more information or our online brochure section for some even more insight.

We would be glad to help you if you have any questions or would like to request a proposal to clean your facility.

Call us TOLL FREE at 1-800-834-9995
